1. This is the time, moment, hour; appointment of me to me reveal me, here now now'd, fashion/form of me not entirely, accurately stated, yet how can one be me without me? Being me, not be me? Unique identity not robbed/stripped but in me keeping me/you/your identity as I fashioned you in me, originally; and beginning not; there was one, not; except me, of which you were; we were/are, one again.

2. **This time never forming another**, but thought not incarcerating/fashioning elseware that else fashions in, being ware that else is, non-existent.

3. See what I have said; originated not but stated originally, with many more originals/original sayings coming, fashioning form and dictates of me not but nuances that delineate me in/from not-me. I love you.

4. This is the moment me and beg/begging not; I have all planned/worked out, my design, fashion and form emergent/emerging for all to regaliate not but see regalia of only me in you/upon you, radiating only me. Wanting me they/many will. To do things unseen not but be healing, monstrosity of only me. Watch me. Ill at ease, not; one satisfied puppy, not; one coming in self assurance, denied; one surrendered into oneship plain and simple, who trusts father has done the works already (1) done/requested/shown him, flowing through him now.

5. I love you all now and forevermore. I love you all. I love you now.

Me
